

K - 2ND GRADERS Join us in a Summer Reading Adventure full of spark!

Reading and writing are two life skills that are essential to the academic growth and success of every child. Research has shown, time and again, that the best predictor of reading achievement is the amount of time that a student spends reading. The more a child reads, the more success that a child will have. Research has also proven that ALL students, if they do not read or write over the summer, are likely to lose important reading growth. Don't let your child slide this summer!! What can you do to help?

READ! And Read S'MORE! And Then S'MORE!

Join us in our school-wide summer reading program. How? It's as easy as one, two, and three!

ONE, read for at least 20 minutes at a time. There are thirty pawprints connecting the tents. Each time that you read for twenty minutes, color in one of the pawprints. Your goal is 30 pawprints.

TWO, complete at least eight of the reading activities outlined in the tents on the Read S'More page.

THREE, complete one of the enclosed reading responses and the Summer Reading Log. Easy, right?? If you support your child in completing all three parts of the summer reading program, you will have given your child the gift of reading!

If you return all three completed activities (S'more Reading tent page with paw prints colored in, reading response page, and the reading log) when school begins again, your child will be invited to a S'MORES celebration! Even better, you will have kept him/her off the summer slide.
